

**RIDDERPRINT**

**Bookmark/invitation.** If you have purchased a cover package (standard or design), the layout of the bookmark/invitation is also part of this service. We will print the bookmark along with the cover free of charge. If you layout the cover and bookmark yourself? Follow these guidelines.

**SUBMITTING FILE**

**Points of attention**

- The standard size is 6.5 cm x 23 cm. This way the bookmark fits neatly into your book without sticking out too quickly.
- Submit the bookmark file as a PDF file.
- Size of bookmark file with 'bleed' is 7,1 cm x 23,6 cm.
- Bookmark can be printed double-sided.
- Please keep your text between the green safe margin lines.

**Bleed**

- Bleed is a printing term that describes a document, which has images or elements that touch the edge of the page (see example on the right). If this is the case, you have to add 'bleed' to your file. Enlarge your document with 3 mm on all sides and extend any color or images to the document edges by 3 mm. This will create a bleed.

**NB!** This 3 mm bleed is cut off again after printing. Keep this in mind! Do not place text or other layout elements too close to the page edge (trimming line) that should not be cut off. See the safe margin (green) line.
